Objective

Looking to fulfill a dream of entering the job market as a **Fullstack Developer**.

Professional Profile

I'm passionate with computers since i was 6 years old. In 2020 i started my degree in Computer Science. I love studying computer subjects and solve problems. I find it easy to learn and i'm focused and fully dedicated. I'm good working alone as well being part if a team.

Technologies

Python, Django, Git, PostgreSQL, API Rest, Java, Maven, Spring Boot, Next.js, Appwrite, Tailwind CSS, React, Typescript.

Academic education

Bachelor's Degree in Computer Science at Universidade Federal de Sergipe - Present

Featured projects

Menu Project

Repository (backend): [githubRepository0.com](https://github.com/AmintasNeto/menu-backend)

Repository (frontend): [githubRepository1.com](https://github.com/AmintasNeto/menu-frontend)

It's a simple project that consists in recover a list of items from the database and insert new items in it.

Django Portfolio

Link: [DjangoPortfolio.com](https://djangoportfolio.com)

Repository: [githubRepository2.com](https://github.com/AmintasNeto/djangoportfolio)

It's a simple shop management web system made using Django Forms, Models and Auth. Because some Vercel limitations the Django version is outdated, which may cause some bugs.

To access administrator features log in as amintasneto, the password is Neto11.

Snapgram

Link: [Snapgram.com](https://snapgram.com)

Repository: githubRepository3.com

It's a social media prototipe made using Next.js, React, Tailwind CSS and Appwrite.

The page works fine in large screens (PC) as well in small screens (Mobile).

Extracurricular Events

- **Construindo a carreira em desenvolvimento web** - Aracaju/Sergipe July, 2023

Meet up made by Rockeseat about web development technologies and programming best practices.
