OBJECTIVE

To work in the field of Web Development or Programming, contributing with innovative and scalable solutions.

PROFESSIONAL SUMMARY

Web Developer with solid experience in building both front-end and back-end solutions. Skilled in technologies such as Next.js, ASP.NET, Java Spring Boot, React, and Flutter. Proficient in designing and maintaining RESTful APIs, web services, and responsive interfaces. Experienced with databases (PostgreSQL, Firebase), version control (Git, GitLab), and agile methodologies (Scrum, Kanban). Constantly seeking to optimize processes and deliver efficient, scalable solutions.
